ACUSHNET — Students from Albert F. Ford Middle School in Acushnet were recently honored by having their art works displayed as part of the 52nd Annual Acushnet Art Week Show on May 19 and 20.

The annual art show was sponsored by the Acushnet Cultural Council and held at the Council on Aging. It showcased the work of both professional and amateur Acushnet artists ages 16 and older.

The special exhibit of artworks by the middle school students was entitled "Our Future Artists." It featured selected works created by students under the instruction of art teacher Kristine Daniels. The award-winning art works were chosen by Principal Christopher Green and Ms. Daniels from among the hundreds of works displayed at the school's Festival of the Arts earlier this month.
